Dear Parents & Guardians,

Carousel Players and the creative team of *Meet Chloe* are delighted to be bringing this digital theatrical experience to your child's school. This important, relevant, thought-provoking story follows a young person standing up for themselves and effecting change.

Carousel has worked with a team of Arts Educators and Lezlie Harper (owner of Niagara Bound Tours) to prepare a Study Guide with thoughtful pre-show and post-show activities that your child's teacher can bring into their classroom or engage with virtually. We hope that these exercises can help to extend the experience of the play further and spark students and educators to ask questions of their own.

Meet Chloe's Director, Marcel Stewart, writes:

We had a lot of fun putting this digital play together. The rehearsal room was filled with generosity, care, respect, kindness, patience, and all types of giggles, air horns, and good vibes. We sincerely hope your child enjoys our production of Meet Chloe.

We encourage you to ask your young person about this digital play after they have watched it at their school, and to engage them in a discussion about the story, characters and the themes presented. What stood out for them in this play?

As always, please feel free to contact Carousel Players with any questions or concerns.

Sincerely,
